

Montreal, Nov. 12—Notre Dame hospital here is on fire and all the brigades in the city are out fighting the flames. A later report says that the fire had been got under control at noon.

THE NEWS OF SPORT

JIMMIE POTTS IS SOME STORY TELLER

Jimmy potts is some story teller. He has been about Canada—these are the words of the popular in Calgary to evade the \$200 license.

Jimmy Potts, the boxer, who picked up a lot of easy money in the West this fall, is back in Minneapolis and the Journal of that city has the following to say about his journey:

"Jimmy Potts, the local boxer has returned from a building of the kind of 'our lady of the snow' and tells some methods of the Canadian which it comes to the financial side of their sport."

James avers that the Canadian sportsman is first of all a lightward of a lightness only evoked by the anxious with which a box constrictor coils around a spring and the boxer's sport, but the obviousness of their hankering to hold to the golden guinea surpassed anything James has ever encountered on this side of International Falls.

The crown, or the village constable, or the police magistrate, or whatever they may call the village promoter, there, issues permits for boxing bouts, and the promoter is a boxing license for everyone of these bouts and degrading spectacles pulled off inside the city limits. The village constable, or the police magistrate, or whatever they may call the village promoter, there, issues permits for boxing bouts, and the promoter is a boxing license for everyone of these bouts and degrading spectacles pulled off inside the city limits. The village constable, or the police magistrate, or whatever they may call the village promoter, there, issues permits for boxing bouts, and the promoter is a boxing license for everyone of these bouts and degrading spectacles pulled off inside the city limits.

STILL HANDING JEFFRIES BOUQUETS

John L. Sullivan comes through with a story that the Baltimoreer was only drawn into fight on the strength of a boast whereby John was to "lay down."

Denver, Colo., Nov. 11—John L. Sullivan threw a bomb-shell into pugilistic sport yesterday by declaring that he had had a positive proof that James J. Jeffries' trainers were forced to tell him that John had agreed to "lay down" before he could be coaxed into the ring with the boxer who is at Reno, July 7.

Offering data to prove his statement as fact, John L. declared that he had been told by a friend, who was also referred, had an agreement with John whereby the colored fighter was to permit Jeffries to win by a knock-out. As a guarantee of good faith, John had deposited \$10,000 with Richard to be forfeited unless he filled his part of the contract. Sullivan asserted that he had before the fight, John told him that he intended to "go out and win."

Billy Delaney tipped Jeffries off to the fact that he was to be defeated, and then disappeared, refusing to return to his quarters until he was forced to reconsider his intention. Denver sporting men who witnessed the Reno fight are inclined to accept Sullivan's story as true.

San Francisco, Nov. 11—The match of boxing Nelson for a ten-round bout on Nov. 28 with Owen Rogers, the English scrapper, before Jimmy Conroy's club, is considered by sports men to be the battle between Nelson and Wolcott for the lightweight title, set for Dec. 24, will never take place. Moran is one of Nelson's remaining fighting strength that there won't be enough left to permit him to fight Wolcott.

Young Ernie After Wolcott. Philadelphia, Nov. 11—Young Ernie, who defeated Samuel Smith at the National Athletic Club here on Saturday night, is up to a challenge to fight Wolcott for the lightweight championship. Ernie is willing to meet Wolcott at 121 pounds bantam.

Calgary will break even. Calgary, Nov. 11—A meeting of the shareholders of the Calgary Athletic club, which means the Calgary Baseball club, was held on Wednesday night. It was a challenge to fight Wolcott for the lightweight championship. Ernie is willing to meet Wolcott at 121 pounds bantam.

THE Capital Beer vs. Budweiser

We beg to inform our many patrons that we are using a temporary label for our "Capitol" Beer as an injunction has been granted by the courts restraining us from using our original "Capitol" label pending our law suit with the Anheuser-Busch Brewing Association, of St. Louis, Mo. The quality of "Capitol" however will be just the same, or better if we can make it so; and judging from the demand we are sure that our patrons know from experience that it IS THE BEER, and NOT THE LABEL, that has made "Capitol" SO WIDELY POPULAR.

Corner Third and Jasper Opposite Hudson's Bay

The Joy of Good Clothing

Does not always lie in the taste of the dresser, but rather in the suggestions made by the Tailor or Outfitter, who has had long experience in suggesting colors, styles and ideas suitable for different builds of fellows. Have you ever thought of that? We will be delighted to talk this clothing suggestion over with you when you call. The following is merely a suggestion in Winter Coats.

\$150

Do You Look at Our Windows

When about to purchase a Fur Coat, talk to someone who knows a good fur when they see one.

Our sure—especially COON—s are really excellent and we have them in good lengths, very suitable for long drives. We stock them in all prices up to

\$150

Place orders now for your Nursery Stock. Write. Plant late in October and we will ship. Be sure to include a few thousand plants in your order for wind breaks and shade. Prices 10c and up.

Our large Corned and Cured and the Black Champion are premium winners and best quality known. Heavily yield and perfectly hardy on spruce. Prices \$2.50 to \$5.00 per bush. Season price paid.

Remember we prepay express charges on all orders, and guarantee our goods to grow. Let us please you with a sample order NOW.

Kootenay Valley Nurseries

Mirror Lake, B.C.

That Cold Room

on the side of the house where winter blasts strike hardest always has a lower temperature than the rest of the house. There are times when it is necessary to raise the temperature quickly or to keep the temperature up for a long period. That can't be done by the regular method of heating with a great trouble and overheating the rest of the house. The only reliable method of heating such a room alone by other means is to use a

PERFECTION OIL HEATER

which can be kept at full or low heat for a short or long time. Four quarts of oil will give a glowing heat for nine hours, without smoke or smell. An indicator shows the amount of oil in the tank. The filler-cap does not screw on; but is put in like a cork in a bottle and is attached by a chain and cannot get lost. An automatic-looking flame spreader prevents the wick from being turned high enough to smoke, and is easy to remove and drop back so that it can be cleaned in an instant. The burner body or gully cannot become clogged, and can be unscrewed in an instant for repacking. It is fitted with a strong, durable made, built for service, and yet light and ornamental. Has a cool handle.

Distributors Everywhere. It is the nearest thing to the electric heater.

The Queen City Oil Company, Limited.

PEAT OF MANITOBA TO BE INVESTIGATED

Dr. E. Haanel, of the Bureau of Mines, Looking Over the Situation—Says Peat Can Be Laid Down in the Field at Ninety Cents Per Ton.

Winnipeg, Nov. 11.—Dr. E. Haanel, director of the new bureau of mines of the Federal government, is spending a few days in the city, the guest of his son, H. E. Haanel, 33 Belmont place. He has been in the west, in conference with various mining men and is in the city to meet the men who are interested in the development of the peat deposits of the west of Winnipeg.

Dr. Haanel made the interesting statement that peat could be laid down in the field for 30 cents per ton and that one and three-quarters tons of peat was equal in heat value to a ton of anthracite. He said that peat could be used for fuel for the same price as coal and for the same price as coal and for the same price as coal. It is clean, it does not break up, and burns to the finest ash, leaving no clinker. It burns with a clear flame, requires no poking and the ash is a good fertilizer. In the experimental station which he has established in Alberta, Dr. Haanel produced peat of the past season 1,600 tons of peat and he is burning it in his own home at the present time with perfect success. No examination has yet been made by him of the great peat deposits to the east of this city, and he was therefore unable to state what there was.

It is supposed, "that the distinguished" visitor, "that there are 300,000 square miles of peat bog in the Dominion, a large part of which is in Manitoba, Ontario and Quebec. These provinces are dependent largely for their coal on the United States, as the Canadian mines are in the far east and the far west and the long haul makes the use of Canadian coal impossible in the central provinces. The development of the

in Canada it should be done on a large scale, with day and night shifts. It has been made in Canada in attempting to dry the peat artificially. There was a machine. No amount of pressure would squeeze the water out of the material, as it was held there in a manner. Quite different from the manner in which water is held, for instance, in a sponge. Nature must do the drying, but sunshine was not essential. The drying was done by the wind. There was a great difference in the peat heat of the country, but those which were valuable for peat purposes would be used for the production of more fuel. The government had already investigated the peat bogs and has a great many applications on file. Peat was made during the revolution, regarding the use of peat. No charge was made for the service, and the various deposits were examined in the order of application. The examination required considerable time, and the department had not nearly enough men.

There was only one man in the service competent to examine deposits, and he was the manager of the plant at Alfred. The experiments were being made in Ontario, as there were excellent deposits there, close to the Pacific. At Alfred there was an area of peat bog 5,500 acres in extent, and the electric power was there. The deposit was nine feet deep.

Dr. Haanel's Electric Smelter. Dr. Haanel was asked with reference to his plan in the making of electric smelting and the brilliant discovery which he had made at the plant established by the Federal government at the bog. The value of the work done by Dr. Haanel in this connection arises from the fact that electric smelting is a very refractory ore is made available for use. In the ordinary blast furnace having more than one hundred per cent of sulphur, can not be used. In the electric furnace, the sulphur is removed, and the process has been made of its discovery, but he was the first to make it in Canada. The pamphlets describing this process have been sent to all countries, and of the United States journals, stated that the tests, carried out, had made it clear that it was the world over.

At the last meeting of the American Peat Society, Dr. Haanel was president, and all the officers of the organization being from the United States. Many years ago he was the first to make it in Canada. The pamphlets describing this process have been sent to all countries, and of the United States journals, stated that the tests, carried out, had made it clear that it was the world over.

COUNSEL DECLARES THE INVESTIGATION A FARCE

Inquiry Into Complaints of Dietrman Against Miss Crispin—Commissioners Will Give Detailed Next Week.

"The inspection of this man Logan is a farce," said Mr. Short, in summing up the case for the Edmonton City Daily in the investigation into the charges of immoral conduct, concluded before the city commissioners yesterday afternoon. "It is worth the paper upon which it is written," concluded Mr. Short. "The dietrman are being harassed instead of helped."

Inspector Logan found a sturdy supporter in Dr. Whitlaw, the medical health officer, between whom and Mr. Short there were many passages which served to enliven the proceedings of a somewhat protracted investigation. Dr. Whitlaw declared that in a conversation which he had with Mr. Short yesterday afternoon, he had been told that the medical health officer, by joining his name to the report of the dietrman, or any other gentleman in the city, excluded himself from the protection of the law. "This is a threat," he said, "that I do not intend to take."

Mr. Short declared that the investigation was a farce, and that the dietrman were being harassed instead of helped.

The doctor also hurried defiance in the face of the dietrman, declaring that he would not be intimidated by the dietrman, and that he would not be intimidated by the dietrman.

Inspector Logan, speaking in his own defense, stated that in every case where the dietrman had been called upon to investigate, he had found the dietrman to be guilty of the charges against them.

Questioned by Commissioner Boulton as to whether he had ever lost his temper in dealing with the dietrman, he replied that he had never lost his temper since he came to Edmonton.

Mr. Boulton, who is the chief of the police, remarked that the dietrman were being harassed instead of helped.

He declared that Mr. Prevet had not been called upon to investigate, but that he had been called upon to investigate.

He declared that the dietrman were being harassed instead of helped.

He declared that the dietrman were being harassed instead of helped.

He declared that the dietrman were being harassed instead of helped.

CONDEMNS SEGREGATION.

Rev. Dr. Shearer Launches Indictment Against Winnipeg Officials in Relation to the Social Evil.

Toronto, Nov. 11.—They have the right to condemn the social evil in Winnipeg in connection with the question of the social evil to be found in any city in Canada.

With the above sentence as a preface, Rev. Dr. J. G. Shearer in an interview today launched a strong indictment against the police officials of the Police City, who he believed to be the most corrupt of officials in the city.

He said that the police officials were the most corrupt of officials in the city.

He said that the police officials were the most corrupt of officials in the city.

He said that the police officials were the most corrupt of officials in the city.

CITY MAY REGULATE PLACES OF AMUSEMENT

Commissioners Will Recommend the Council to Ask Legislature for the Necessary Power.

As the result of a conference of the city commissioners with representatives of the Local Council of Women and the Temperance and Moral Reform League, held yesterday afternoon, a report will be submitted to the city council recommending that the council seek to obtain from the legislature power to regulate public places of amusement.

The Council of Women was represented by Mrs. Robert Haven Knell and Mrs. P. M. Hutchins, respectively secretary and vice-president of the council. J. D. Haynes and the Rev. W. G. Purdie representing the Temperance and Moral Reform League.

One of the suggestions made by the representatives dealing with the question of public places of amusement was that a committee of women be appointed with power to enter such places of amusement and report objectionable features to the city council.

The suggestion did not meet with favor. Mr. Knell, however, that the committee be appointed with power to enter such places of amusement and report objectionable features to the city council.

Mr. Knell, however, that the committee be appointed with power to enter such places of amusement and report objectionable features to the city council.

Mr. Knell, however, that the committee be appointed with power to enter such places of amusement and report objectionable features to the city council.

A DOUBLE TRAGEDY FOLLOWS A BANQUET

Soldier in Victoria Barracks Shoots Officer and Himself—Was Charged for Being Imprudent for Behaviour.

Victoria, B.C., Nov. 11.—Corporal John Downin, was shot dead at Macaulay Point Fort this morning by Officer Charles Haddell, who also committed suicide.

The affair is supposed to have arisen out of an incidental banqueting last night, when Haddell, who was charged for being imprudent for behaviour, shot Downin.

Haddell, after killing Downin, turned the other men in the fort with his rifle and fired upon soldiers and police who attempted to advance over the exposed ground around the fort.

When he saw that capture was certain he put a bullet into his right eye and died immediately. One of the soldiers who were in the fort are now under guard and a military inquiry will be held.

The man who was a toupée does not like it, but has the courage of his convictions.

Nature never intended that the top of the head should be left entirely without protection. A bald man is very susceptible to contraction of colds and neuritis. Wearing an artificial top piece counteracts this tendency, and adds from the improvement in personal appearance, is amply justified.

How much better it would have been had the man, now chronically bald and wearing a toupée, not recalled earlier in life the appearance of danger and devoted a little regular attention to his hair, which would have saved it.

There is a remedy which will absolutely prevent baldness. Loss of hair in nine cases out of ten is unnecessary being due to dandruff and the germ that causes it. This germ must be destroyed and the scalp must be dandruff checked. Then the hair will not fall out but instead will grow naturally and luxuriantly.

Newbore's Hericid is the remedy, regular application of which will do this. It has long been known as the original remedy that kills the dandruff germ and is entirely dependable.

So reliable is this preparation that all druggists now sell the one dollar bottle of Hericid for a trial. If you are not satisfied, return the bottle for a refund money if unsatisfactory.

Herid applications may always be obtained at the better hair shops and hair dressers.

Anyone desiring to try Newbore's Hericid before purchasing a large bottle, will receive a nice surprise and booklet by sending 16c in postage or silver to The Hericid Co., Inc., Detroit, Mich.
